Dear Member of Congress:

The Arctic National Wildlife Refuge is a part of God's creation that stands alone in its wilderness, ecological integrity, and beauty. This sacred landscape is also home of the Gwich'in, a Alaska native people who depend upon the Porcupine caribou herd for their daily subsistence. The possibility of oil exploration in the Refuge jeopardizes the ecological integrity of the Refuge and the way of life of the Gwich'in people.

The exploitation of fossil fuels in the Refuge will contribute to climate change and threaten the ten thousand year-old traditions that the Gwich'in people depend upon to survive. The faith community's decades long commitment to protecting the Arctic Refuge is inspired by our dedication to defending all of God's creation, including the fundamental rights of the Gwich'in people.

As members of the faith community, we ask you to grant the Arctic Refuge the strongest possible protection and keep drilling in the Arctic Refuge out of the budget process. It is our hope that you will join us in recognizing that such a precious gift deserves our best efforts at stewardship and preservation by doing all that you can to safeguard the renowned and sacred wilderness of the Arctic National Wildlife Refuge for current and future generations.

Sincerely,
